ABOUT THE HEART CENTER

The Heart Center at the American Hospital Dubai is a regional center of excellence for cardiac care, providing American standards of care to patients in the UAE and the region. The Heart Center is capable of treating all types of cardiac conditions including interventional cardiology and surgery.

The Center is one of a small, select group of medical centers worldwide, and among the few private healthcare institution in the region, capable of undertaking advanced interventional and surgical procedures, such as minimally invasive cardiac surgery and beating heart bypass surgery. State of the art heart valve repair and advanced aortic arch procedures are further high lights to be provided by the Heart Center.

CARDIOLOGY PACKAGES

HEALTHY HEART PACKAGE

Package Price (without CT- Angiogram)

3,200 AED

Package Price (with CT- Angiogram)

7,100 AED

1. Cardiology - Consultation
2. Cardiology - Follow-up Consultation

Blood Tests

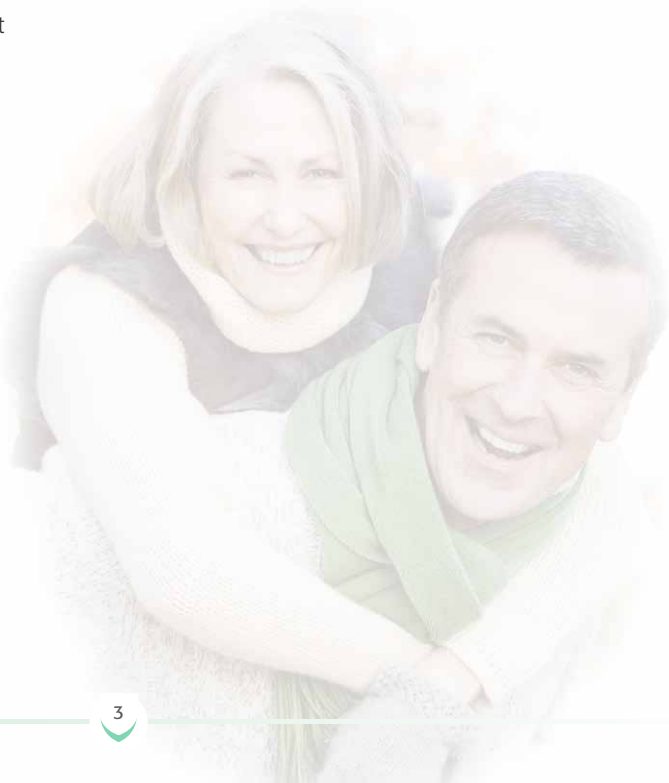

1. Lipid Profile (Fasting)
2. Renal- Fasting Blood Sugar Profile (Fasting)

Cardiopulmonary

1. Electrocardiogram with Short Rhythm Strip
2. Treadmill Stress Test

Optional

CT- Cardiac Angiogram with Contrast

CARDIOLOGY PACKAGES

RISK ASSESSMENT PACKAGE

Package Price (without CT- Angiogram)

5,500 AED

Package Price (with CT- Angiogram)

9,400 AED

1. Cardiology - Consultation
2. Cardiology - Follow-up Consultation

Blood Tests

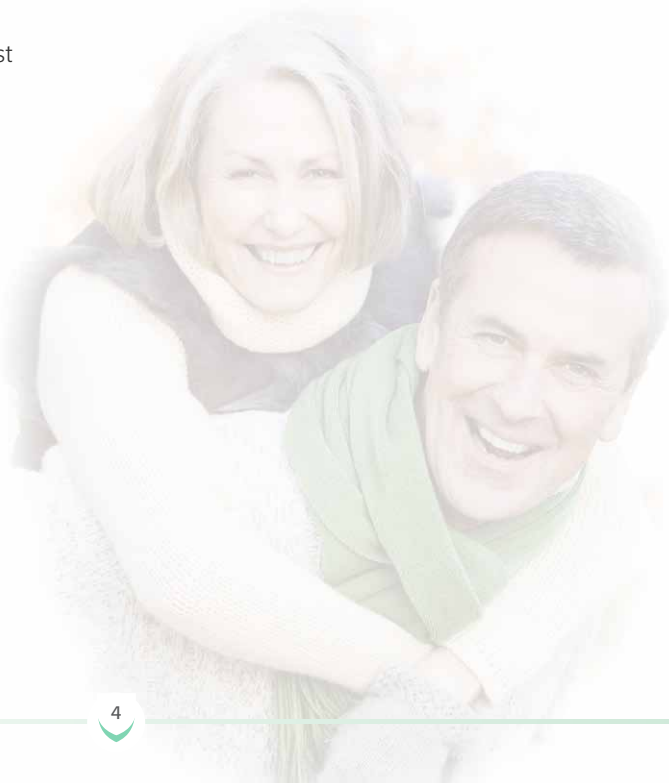

1. Lipid Profile (Fasting)
2. Renal- Fasting Blood Sugar Profile (Fasting)
3. Liver Profile

Cardiopulmonary

1. Electrocardiogram with Short Rhythm Strip
2. Echocardiogram - Stress (Stress Echo)

Optional & Recommended:

CT - Cardiac Angiogram with Contrast

CARDIOLOGY PACKAGES

COMPREHENSIVE RISK ASSESSMENT

8,000 AED

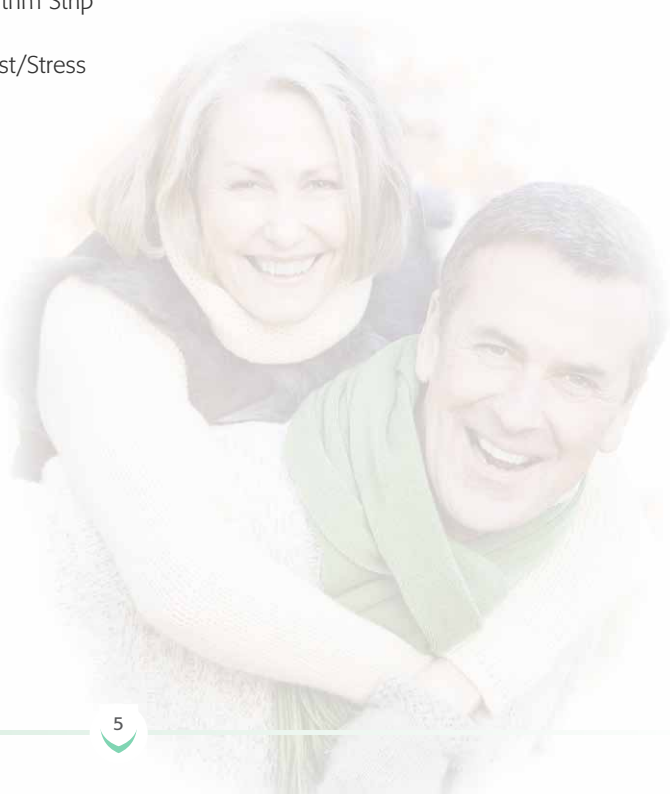

1. Cardiology - Consultation
2. Cardiology - Follow-up Consultation

Blood and Urine Tests

1. Lipid Profile (Fasting)
2. Renal- Fasting Blood Sugar Profile (Fasting)
3. Liver Profile
4. Micro Albumin in blood
5. Uric Acid In Urine
6. Complete Blood Count

Cardiopulmonary

1. Electrocardiogram with Short Rhythm Strip
2. Echocardiogram (2-D)
3. Nuclear Perfusion Test- Gated Rest/Stress
4. Nuclear Stress Test (Physical)

INTERVENTIONAL CARDIOLOGY PACKAGES

ANGIOGRAPHY

10,900 AED

CARDIAC & NON CARDIAC

The following Services are covered under the Package:

1. Physician Fees
2. Facility Fees
3. Private Room charges – 1 Day

7. Physician Rounding Fees – 9 Days
8. Routine Cardiac Medical Supplies – Up to 35,000 AED
9. Routine Medications used for the procedure and during admission only - Up to 10,000 AED
10. Routine laboratory tests:
 - a) Alanine Aminotransferase
 - b) Aspartate Aminotransferase
 - c) Serum Calcium – 2 Tests
 - d) Creatine Kinase
 - e) CK Izoenzyme MB
 - f) Coagulation Profile
 - g) CBC – 5 Tests
 - h) Electrolytes
 - i) Hemoglobin – 2 Tests
 - j) Serum Magnesium – 2 Tests
 - k) Renal Profile – 3 Tests
 - l) Serum Potassium
 - m) Troponin T
 - n) Type & Screen (ABO, RH+Antibody Screen)
11. Radiology Studies:
 - a) Chest PA + LAT – 3 Studies
 - b) Portable Chest AP – 3 Studies
12. Cardiopulmonary procedures:
 - a) ABG Drawing & Analysis
 - b) ABG with Electrolytes – 9 Times
 - c) Chest Percussion Treatment – 6 Times
 - d) ECG W/Short Rhym Strip – 4 Times
 - e) O2 Equipment Change / Nasal Cannual
 - f) O2 Nasal Cannual / Mask setup
 - g) Oxygen (Per Hour) – 9 Times

Continued on page 12

CORONARY ARTERY BYPASS GRAFTING

Continued from page 11

- h) Small Volume Nebulizer Set Up – 8 Times
- i) Small Volume Nebulizer Tx – 22 Times
- j) Suctioning of Airway (24Hrs)
- k) Ventilator W/Oxygen (Per Hour) – 2 Times
- l) Ventilator / Patient System Check
- m) Cardiopulmonary - Others

The Package Excludes:

1. If the patient stays for more than 9 days, the charges will be at normal rates thereafter.
2. Charges for any other Speciality consultations

- Previous Cerebrovascular Accident (Stroke,Embolis,Vascular Surgery)
- Creatinine blood level > 1.5 mg / dl
- Other Organ Failure
- Hb < 10 mg / dl
- Age over 70 years
- Recent Acute Myocardial infarction (less than 6 weeks)
- Previous Cardiovascular surgery (CABG)
- Diabetic patient required Insulin
- Infection
- Required Intra Aortic Ballon Pump insertion

Payment

The Patient is required to pay the entire Package price in advance to the Hospital at the time of signing up.

GENERAL INSTRUCTIONS AND PROCEDURES

- Your check up will take about half a day. This depends on how close your appointments will be.
- Payment of the package should be done in advance upon registration (cash or credit card).
- Packages once paid for and after the date of the Initial Consultation with the Cardiologist must be completed within 90 days after which the amount paid is likely to be forfeited.
- The package selected by you is substantially discounted by the Hospital. Services cannot be substituted and there is no refund for unavailed services.
- You need to arrive at the hospital's Heart Center about 30 minutes earlier for subscribing your package and registration. Please note that if you arrive late for your appointment, you may face additional delays with other appointments.
- Please note that you must come fasting for 12 hours. You may only drink water.
- Please collect your snack coupon from the clinic upon arrival and take your snack box from the coffee shop located in the hospital's main lobby.
- Please bring with you comfortable shoes and clothes. You will need a track suit for the treadmill exercise.
- Any test, procedure or investigation done which are not listed in the package here will be charged separately.
- Please book your follow up visit after completing all the tests, in order to review them with your cardiologist.
- Please contact us at least 2 days before your appointment in the event of cancellations and/or rescheduling.
- Please note that all prices are subject to change without any prior notice and at the sole discretion of the hospital's management..
